About us

Founded In 2003, Geps Projects Has Emerged As A Leading Name In The Field Of. External Electrification Works Across India, We are enlisted as S class Contractor in Military Engineering Services (MES). With Over Two Decades Of Expertise, We Have Built A Strong Foundation Based On Technical Excellence, Safety, & A Commitment To Delivering Reliable Electrical Infrastructure Solutions.

At Geps Projects, We Specialize In High Tension (HT) And Low Tension (LT) Electrification Works, Offering End-to-end Solutions That Cover Planning, Design, Procurement, Installation, Testing, And Commissioning. Our Services Cater To A Broad Spectrum Of Sectors, Including Industrial Facilities, Commercial Complexes, Residential Townships, Infrastructure Projects, And Government Undertakings.

With operations spread across India, we have successfully executed numerous projects in diverse terrains and challenging environments, showcasing our adaptability and project management capabilities. Our team of skilled engineers, project managers, and technicians are dedicated to maintaining the highest standards of quality and safety while ensuring timely completion of every project.

Over the years, GEPS Projects has built long-standing relationships with clients, power utilities, and contractors by consistently delivering efficient and cost-effective solutions. We take pride in being a dependable partner in India's power distribution journey, helping energize communities, industries, and infrastructure nationwide.

Quality Management

GEPS Committed to the complete satisfaction of its customers by providing time bound, technologically superior and cost effective construction services.

Timely Execution

Our quest for excellence is achieved through continuous quality improvement by providing regular training and a vibrant working environment to our dedicated team.

The reputation of the company has been built on the quality of work which is always of the highest standard and never sacrificed on any account. The organization has prized itself on its ability to execute work speedily and always well within stipulated period. Work has often been carried out in conjunction with reputed firms of Architects, Consulting Engineers and various Government Departments and their testimonials have always been complimentary.

Safety & Health Policy

We are committed to provide complete safety at all ongoing sites and corporate offices of men, material and machines.

We provide fool-proof precautionary measures at all work places and equip them with required safety inputs.

Our objective is to enhance the value of Human being / Machines / Materials by creating an accident free working environment.
